

Multifunctional Printer DM-223

- ✓ C5 Grade Z-axis Module
- ✓ 14K mono screen resolution
- ✓ Leveling-free design
- ✓ Fast printing speed
- ✓ Open printing

▶▶▶▶ Performance parameters

Technical specifications		System configuration	
Category	Parameter	Category	Parameter
Model	DM-223	Input voltage	110-220VAC50/60Hz
Light source technology	COB	Data transfer	USB、Ethernet、WiFi
Screen resolution	13320*5120	Temperature control	Support
Molding size	223*126*150mm	Equipment life statistics	Support
Equipment size	400*330*544mm	System open	Suitable for 385 and 405 um wavelength material printing
Net weight	26kg	Built-in parameter settings	Users can set multiple sets of different parameters for printing
Accuracy	±0.03mm	Exception reminder	Print exception reminder
Speed	15-45mm/hour	Optional features	External convenient Unloading system
Touch screen	7-inch touchscreen		Automatic refill function
Machine power	150W		
Data format	STL、CTB、SLC
