

Zirconia milling machine vacuum cleaner DC-150

Features

- Low noise, less than 65dB
- Compact and light unit with strong suction, suction speed on the end can reach 24m/s
- Automatic pulse dust removal, can be linked with the zirconia milling machine.
- Using stepless variable speed brushless motor, ensure the quality and more than 20000 hours running time
- Long service life, high efficiency, 8μm particles can be filtrated, easy maintain, easy cleaning.

Specifications data

Parameters			
Model	DC-150	Electric current	AC 0.7A(Max)
Voltage	AC 220V	Frequency	50Hz
Power	150W(Max)	Flow rate	212m²/h
Negative pressure	4.2kpa	Size	47*43*60cm
Weight	30kg	Connect milling machine	1 PCS
