

Zirconia milling machine vacuum cleaner DC-150pro

Features

- Low noise. less than 65dB.
- Compact and light unit with strong suction. suction speed on the end can reach 24m/s.
- Using stepless variable speed brushless motor, ensure the quality and more than 20000 hours running time.
- Long service life, high efficiency, 8μm particles can be filtrated, easy maintain, easy cleaning.
- Automatic pulse dust removal, can be linked with the zirconia milling machine.

Specifications data

Parameters			
Model	DC-150pro	Electric current	AC.5.5A(Max)
Voltage	AC 220V	Frequency	50Hz
Power	150W(Max)	Flow rate	500m³/h
Negative pressure	9.6kpa	Size	47*42*66cm
Weight	35kg	Connect milling machine	2 PCS
