

Zirconia lathe vacuum cleaner DC-360

Features

- Machine tool linkage
- Durability and stability
- Good filtering performance
- Reliable safety performance
- High-efficiency dust suction capacity
- Convenient operation and maintenance
- Brushless fan ensures the quality of work and has a long service life
- Adopting the sheet metal powder spraying process

Specifications data

Electrical Parameters

Input voltage	220V~50/60 Hz	Output voltage	48V
Rated power	360W	Fuse model	T4(4A)
Rated power range of main device	≤1KW	Motor type	Brushless DC motor

Mechanical & Functional Parameters

Negative pressure	13Kpa	Suction port diameter	50mm
Air volume	2350L / min	Noise	≤60dB
Control system	Intelligent Linkage	Dust bucket capacity	≈2L
Operation way	Button-operated	Size (L×W×H)	440×262×456mm
Weight	18.8Kgs
